

Music Mike Concert

Once again (y)our Kiwanis Club of Rancho Murieta Foundation, hosted a special event for kids, he Kids Concert, featuring **Music Mike**.

Mike's real name is **Mike Grmolyes (pronounced "Grm-ah-lee-us"; "it's Yugoslavian")**, which doesn't quite have the same ring as **Music Mike**.

When asked what he owes his success to, **Music Mike** thought for a moment and responded: *"I think it is the music, the character I portray, and the fact I was the big brother to three younger brothers when growing up."*

The chair of this year's (and last year's) concert, **Loretta Lutz**, welcomed every one that thank they for coming. When asked what was the hardest part of chairing such an event, she replied that there were no hard parts. She started in March to set a firm date, that Music Mike would be available. Then the rest of the planning just fell into place because so many people are so cooperative and helpful.

This year, **Euclid, The Father of Geometry**, would have been so proud of a skit where each kid had a square of colored silk, which had to be folded on command into a square, a triangle, a rectangle, and the hardest thing of all, a circle.

Pamela Haines was in rapture when **Music Mike** lead the kids in the *Hokey Pokey*.

The concert started at 5:00 p.m. in Lake Clementia. At 4:50 p.m. there were only 33 people in attendance, But they kept coming and eventually 254 people were enjoying the concert.

(Y)our Kiwanis Club Foundation has booked him to come back for another Kids Concert in 2014.
